

16th Annual Neuroscience Conference: Stroke Care Across the Continuum

November 5, 2021
9 am–3:15 pm

Virtual Webinar

Program Overview and Objectives

The 16th Annual Neuroscience Conference: Stroke Care Across the Continuum will explore the latest advancements in improving neurological care via teleneurology and endovascular treatments. This knowledge-based conference will include the most recent clinical practice guidelines and best practices in stroke care to manage high blood pressure and understand the cardiac causes of stroke, as well as reviewing stroke and COVID-19 in the young population.

Upon completion of the program, participants should be able to:

- Describe how to incorporate evidence-based medicine into the care of patients with a stroke.
- Discuss current treatments and scientific advancements in stroke care.
- Apply techniques to optimally manage stroke patients across the continuum.

Who Should Participate

This event will be of particular interest to primary care physicians and providers, nursing professionals, physical therapists, and EMTs. All other health care providers interested in providing excellent comprehensive care for stroke patients are also encouraged to attend.

As part of our commitment to diversity and inclusion, the Northwest AHEC provides compassionate education and respectful care for all, regardless of socioeconomic status, race, ethnicity, language, nationality, sex, gender identity, sexual orientation, religion, geography, disability and age.

Jointly Provided by:

Northwest Area Health Education Center (AHEC), a program of Wake Forest School of Medicine and part of the NC AHEC System and Atrium Health Wake Forest Baptist Comprehensive Stroke Center.
