

Opioid Prescribing Updates 2024

Tuesday, April 30, 2024

11:30 AM - 1 PM

Live Webinar

Overview

Join other dental and pharmacy healthcare providers for this 1.5 hours lecture to discuss updates on pharmacotherapy management of dental pain and statewide efforts. Today's healthcare landscape is complex when it comes to ensuring appropriate pain management. Topics discussed include: Opioid prescribing practices, 2022 CDC pain guidelines, review of NC's new Dental Opioid Action Plan and the NC prescription drug monitoring program, how to engage with other healthcare providers (including pharmacies) to discuss controlled substance prescribing patterns, and pharmacological approaches to acute dental pain.

Objectives

Upon completion of the activity, you should be better able to:

- Discuss updated CDC pain guidelines for acute pain.
- Describe the focus areas of the NC Dental Opioid Action Plan.
- Discuss pain management considerations for patients who have other significant chronic medical conditions and taking chronic medications.
- Describe risk mitigation strategies, including North Carolina Prescription Drug Monitoring Program.
- Apply above considerations to patient case scenarios.

Who Should Participate

Oral health providers, pharmacists and anyone interested in the topics.

As part of our commitment to diversity and inclusion, the Northwest AHEC provides compassionate education and respectful care for all, regardless of socioeconomic status, race, ethnicity, language, nationality, sex, gender identity, sexual orientation, religion, geography, disability and age.

The North Carolina Area Health Education Centers are an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.

Disclaimer – Dental Institutions providing dental education have an obligation to disseminate new knowledge related to dental practice. In doing so, some information or presentations may include controversial materials or commercial references. The Northwest AHEC office acknowledges that there is potential risk to participants using limited knowledge when incorporating new techniques and procedures into their practices, especially when the continuing education program has not provided them with supervised clinical experience in the techniques or procedures to ensure that they have attained competence. Sponsorship of continuing education courses by the Northwest AHEC office does not imply endorsement of a particular philosophy, product or procedure by this institution.

Disclosure – In accordance with the ADA CERP Standard V., everyone involved in planning or presenting this educational activity will be required to disclose any relevant financial relationships with commercial interests and this information will be made available to participants at the start of the activity. As a continuing education provider, the Northwest AHEC office is responsible for ensuring the content, quality and scientific integrity of all continuing dental education activities for which credit is provided. The Northwest AHEC office is also responsible for taking steps to protect against and/or disclose any conflict of interest of the faculty/ instructors presenting those courses.

Credit will be awarded based on participant selection at time of registration. Before selecting credits, please review our general [Credit Glossary](#). Note not all programs offer all credits.

Faculty

Kimberly A Sanders, Pharm.D.

Assistant Professor, University of North Carolina at Chapel Hill

Kimberly Sanders, Pharm.D., is an assistant professor in the Division of Practice Advancement and Clinical Education at the UNC Eshelman School of Pharmacy. She also has a shared appointment as an assistant professor at the UNC Adams School of Dentistry. Sanders earned her Doctor of Pharmacy degree from Purdue University. She completed a one-year pharmacy practice residency at the University of Cincinnati Medical Center as well as a two-year academic postdoctoral research fellowship in pharmacy practice model advancement at UNC Eshelman School of Pharmacy. She is a board certified pharmacotherapy specialist and a member of numerous pharmacy professional organizations.

Sanders is primarily involved in building and expanding on the partnership between the schools of pharmacy and dentistry through initiatives to develop, implement, and evaluate clinical pharmacy services in dental practice clinics as well as active in the creation of longitudinal interprofessional education curricula. Sanders' area of scholarship is at the interface of educational and practice-based research with focus on interprofessional education, collaborative practice, and pharmacy practice advancement.

Her past collaborative practice experience includes working with providers and care managers in joint appointments to help address the needs of patients at high risk for hospital readmission within the UNC Family Medicine Center care transitions clinic. She also has practice experience within a collaborative geriatrics specialty clinic. Sanders is passionate in focusing her clinical efforts on high risk and vulnerable populations and utilizing a team-based approach to best optimize patient care.
